Computer Aided Design and Engineering Consultants

Press Release – Rail and Infrastructure Projects

Monday, 6th February 2006

Starjammer Engineering is proud of its achievements to date, and is pleased to announce its intentions in moving into rail and civil infrastructure projects after working on number of key projects in the rail and civil spheres of engineering supplying Computer Aided Design services to companies such as ABB Mowlem, Network Rail, Seeboard Powerlink and Energie de France (EdF).

We will be happy to supply estimates, costings and the resumés of our staff that are qualified and experienced in these areas for interested parties to undertake work on large rail and civils projects.

For more information, visit our website and follow this link:
