Saturday, 27th July 2013

We are pleased to announce the launch of Starjammer Hosting, our new internet hosting service. Please take a look at our new sister site, Starjammer Hosting, where you will find some fantastic deals and a service that we believe will be hard to beat.

From students to the professional, we can help you build and maintain your websites, e-mail and internet storage needs.

The screenshot shows the Starjammer Hosting website interface. At the top, there is a navigation bar with 'Home', 'Hosting', and 'Contact Us' links. Below this is a search bar for domain names, with a promotional offer: 'Get a '.com' domain name - only £6.99.'. The main content area features a carousel of benefits for professional hosting, such as 'Professional hosting from as little as £8.49 per month...', 'Take advantage of our extensive library of online tools', 'Support for single click install apps', 'Access to over 500 resources and templates', 'E-Commerce software suites', 'In-depth reporting and monitoring schemes', and 'Our formidable shared hosting package - click here to find out more...'. To the right, there are two call-to-action boxes: 'Online Support' with a headset icon and 'Gizmo Control Panel' with a bar chart icon. Below these are three hosting plans: 'Student' (Great for small websites, £1.00 per month), 'Starter' (Perfect for medium sized sites, £3.49 per month), and 'Pro' (For the most demanding sites, £8.49 per month). Each plan lists features like Web Space, Bandwidth, Databases, Mailboxes, FTP Accounts, and 1-Click Installations. The bottom of the page has a green bar with social media icons for Facebook, Twitter, and LinkedIn, and a Windows taskbar at the very bottom.
